

# Mini tin bug hotel

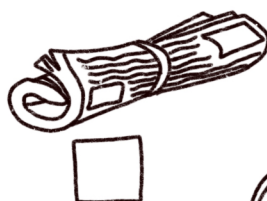

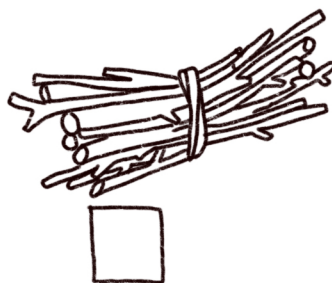

Ask an adult to help you clean three used tin cans

Check for sharp edges!

Gather natural materials  
(Incl. sticks, bark, straw and rolled newspaper)

Cut all materials to size

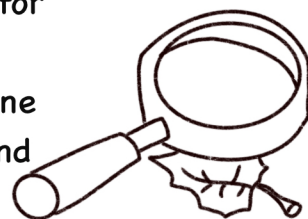

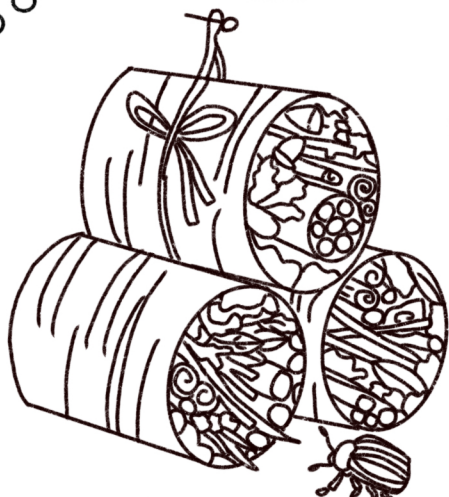

Get an adult to help/supervise

Why not go for a forage in a local park/  
green space

Stuff materials inside of your can and repeat for  
all three

Tie all 3 cans together in a pyramid using twine  
and hang in a sheltered spot, low to the ground

Check in on your new buggy friends!

once you've finished with this activity, give it a new lease of life as a colouring sheet for your little(s)
